# About Schoolhouse Pond Preserve

Thanks to the support of more than 80 Barter's Island property owners and friends, the land trust was able to purchase the 42-acre Schoolhouse Pond Preserve in 2001. The property was the site of a schoolhouse from about 1840 – 1895. The cranberry bog is known locally as Schoolhouse Pond. The scenic, mile-long loop trail includes a variety of wildflowers, a mixed forest, interesting rock formations and a beautiful old stonewall. The Schoolhouse Pond can be found by following the wider, multi-use trail through the center of the property. This trail is believed to be part of or near the old Barter's Island town road that ran down the center of the island.

**White Trail 1.0 miles**  
Hiking trail only

**Multi-use Trail (Yellow) 0.76 miles**  
The wider trail through the center of the property may be used for:
